

CHRISTMAS 2025

Sweet Countdown Line

Sweet countdown to Christmas in many variations!

Our **Advent calendar line** is a true diversity of formats, flavors, and personalization options.

There is something for everyone – from compact XS and MINI calendars, perfect for a desk or mailing in an envelope, through classic standard-size models, to square ECO versions and exclusive premium calendars with 120 g of Belgian chocolate.

For those who want to stand out, we have also created shaped calendars – in the form of a townhouse, a pyramid, or a tower with cookies and pralines, surprising not only with their content but also with their form.

Each of our calendars is created with ecology in mind – from fully biodegradable paper versions, through FSC-certified packaging, to Zero Waste options that gain a second life.

Thanks to such a wide range, you can choose a calendar that best reflects your brand's character – **from minimalist and natural to richly decorated and exclusive.**
